

2012 DODGE CHARGER PURSUIT

The appearance of the all-new Dodge Charger Pursuit for model year 2011 was met with overwhelming approval by police, municipal administrators, and the public – and the 2012 Charger Pursuit continues the trend, powered by the best V6 in Dodge history, the 3.6-liter Pentastar® V6 with available Flex Fuel capability; the available legendary 5.7-liter HEMI® V8 now features 100,000-mile spark plugs. But Charger Pursuit is about continued improvement – and this year's new features reflect critical thinking for the needs of police. They include: new seats to accommodate police equipment; new color TFT display in the EVIC; robust GEN 3 front hubs; improvements in brake vibration and judder; inside, new reading lamps and front and rear climate controls. Adding to value is that Dodge is also the only manufacturer to supply the Police Equipment Interface Module as standard equipment. The finishing touch is the transferable 5-Year/100,000-Mile Powertrain Limited Warranty.⁽¹⁾

PRODUCT HIGHLIGHTS

- Transferable 5-Year/100,000-Mile Powertrain Limited Warranty⁽¹⁾
- 3.6L Pentastar V6 with available 50-state Flex Fuel: 291 hp/ 260 lb-ft of torque – Standard
